

1. Some young people have given up their high pay work in the city and returned home to grow organic vegetable.

2. Many people have succeeded with determination and hard work.

They not only geted more money and lived more health life.

Of all the people that I know, perhaps none is as impressive as Mary. Mary is my best friend in the senior

high school classmate, and we also use phone in the school road. She play phone games, and I listen to popular music.

One day we are going to school. In the school road,

we as usual use phone. Mary is too concentrated on

her phone games, so bump her head in the tree. "It

is really hurt", she say, but I too concentrate on music and

don't understand what happen.
